

Proposal to retain the 3.25 KU cumulative GPA requirement for completion of Departmental Honors

In response to the change in policy approved by CUSA and CAC to remove the College-level requirement of a 3.25 KU Cumulative GPA as a part of Departmental Honors requirements, the following departments have responded with requests to retain this requirement at the department-level, specific to their departmental honors requirements.

In order to facilitate this update by the catalog deadline, and because these requests are for the same exact change in each respective department, we are bringing forward the proposal via one list.

Karen Ledom

Departments Requesting this Requirement:

Anthropology

Chemistry

Global & International Studies

History of Art

Political Science
