Course Deactivation Proposal

Date Submitted: 10/01/18 4:35 pm

Viewing: **ANTH 754 : Biological Bases of Human Behavior**

Last edit: 10/01/18 4:35 pm

Changes proposed by: bmetz

Academic Career	Graduate, Lawrence		
Subject Code	ANTH	Course Number	754
Academic Unit	Department	Anthropology	
	School/College	College of Lib Arts & Sciences	
Title	Biological Bases of Human Behavior		
Transcript Title	Biologcl Bases of Human Behavr		
Last Term Offered	Fall 2018		

Catalog Description The role of behavioral genetics in normal behavior is examined in this seminar. There is special emphasis on the genetics of complex human behavior such as sensory perception, aggression, intelligence, proxemics, kinesics, and learning. Several abnormal conditions, such as schizophrenia, chromosomal aberrations, alcoholism, and brain dysfunction are discussed in terms of the genetic and environmental interactions.

Prerequisites None

Cross Listed Courses:

Credits	3
Course Type	Lecture (Regularly scheduled academic course) (LEC)
Grading Basis	A-D(+/-)FI (G11)
Typically Offered	
Repeatable for credit?	No

Will this course be required for a degree, major, minor, certificate, or concentration?

Rationale for Course Proposal

KU Core Documents

Justification for this request The Dept of ANTH no longer has faculty or instructors who wish to teach this course.

[Program Description](#)

[Degree Requirements](#)

Ph.D. Degree Requirements

The Doctor of Philosophy in American Studies requires the completion of eight courses (24 credit hours), the comprehensive examination, enrollment in dissertation hours, and the dissertation. In consultation with the faculty advisor, the student develops a plan of work that will provide expertise in three concentration fields of study. The comprehensive examination certifies the student's preparation in the concentration fields, and readiness to conduct research at a professional level. PhD students **may choose to** earn the MA in American Studies while pursuing the doctorate, upon completion of their course requirements and the defense of a publishable article. The PhD program culminates in the completion and defense of the dissertation.

Course List

Code	Title	Hours
Core Courses		
AMS 801	Introduction to American Studies (offered every fall)	3
AMS 802	Theorizing America (offered every fall)	3
AMS 803	Research Methods in American Studies (offered every spring)	3
AMS 804	Research Seminar (offered every fall)	3

Graduate Seminars

3 seminars numbered 700 or higher

9

Research Skills Course

1 elective methods course selected by the student and advisor to provide methodological support for the student's program of research. Along with [AMS 803](#), this course fulfills the Research Skills and Responsible Scholarship requirement (RS2).

3

MA in American Studies. Upon completion of PhD course requirements, the student **may choose to present** ~~presents~~ a publishable article manuscript and **defend** ~~defends it to~~ ~~to~~ a committee. The committee assesses the manuscript and oral defense with a grade of Pass or No Pass, by majority vote. This defense serves as an exam for the MA in American **Studies**.

Studies:

~~Students who are admitted to the doctoral program already holding the MA in American Studies or a closely related field may petition the Department to waive this requirement and proceed without undergoing the article defense and earning an additional MA. Such a waiver of the MA in American Studies is at the discretion of the Graduate Committee.~~ **Transition from the MA Program.** Students admitted to the MA in American Studies at KU must petition the Department if they wish to continue for the PhD. This requires an internal application process, including the submission of a research statement and letter of support from a KU American Studies faculty member. All admissions to the PhD program are at the discretion of the Graduate Committee.

Comprehensive Examination. Following the completion of required courses, the student enrolls in AMS 997 Examination Preparation to prepare for the comprehensive examination. In consultation with the faculty advisor, the student may also enroll in additional seminars or directed readings courses to prepare. When the advisor deems the student prepared, the student may apply to the Department to take the comprehensive examination, which is in two parts. The student must first sit for a time-limited, open-materials written examination to qualify for the oral. With a passing grade on the written examination, the student may sit for the oral examination before the examination committee. Candidacy is conferred after a successful oral examination.

Dissertation. The dissertation must be an original work of research that advances the interdisciplinary field of American Studies. The student must submit a brief prospectus of the dissertation project, including a detailed plan of work. All members of the dissertation committee must endorse the prospectus in order for the project to go forward. Upon completion of the dissertation research the student must defend the dissertation before all committee members in the "final oral examination," or dissertation defense. The student satisfies the dissertation requirement with a majority vote of "Satisfactory" by the dissertation committee. The committee may also recommend the student for Honors, which is a designation conferred by the Department at graduation.

University Requirements. Throughout the course of doctoral study, the student must fulfill [all relevant College and University policies](#), such as those concerning doctoral residency, time constraints, continuous enrollment, human subjects review, electronic filing, and graduation.

Handbook. Further details about meeting the degree requirements can be found in the Department's [Graduate Handbook](#).

Rationale for proposal

The department would like to make the MA article/thesis defense optional rather than required. Students will have the option to obtain their MA along the way to the PhD, but it will not be a requirement.

Program Description

Degree Requirements

Ph.D. Degree Requirements

Concentration in Communication Studies

Requirements include:

Code	Title	Course List	Hours
	Basic Communication Theory		
COMS 859	Proseminar in Communication Studies (waived for students with the M.A. in communication)		3
COMS 958	Comparative Theories of Speech Communication		3
COMS 959	Theories of Rhetoric: Contemporary		3

Additional subject matter courses

A minimum of 27 hours of additional subject matter courses:

27

These courses must represent 2 emphases.

These areas are developed by the student in consultation with the advisor and the director of graduate study.

If a student holds a master's degree in communication studies (or equivalent), appropriate course work from this degree may be used to fulfill the subject matter course requirements. However, the total number of hours from the M.A. program used to satisfy items 2c, 3, and 4 must not exceed 24 hours.

Electives

18

Electives may be chosen from another department or any phase of the program. The 18 hours need not be all in the same department. They may be used to broaden or intensify the program, as long as they constitute a meaningful course of study. Only 6 hours may be in independent study. Students with master's degrees from other universities satisfy this requirement with 18 hours from their master's programs.

Research Methodology ¹

Courses required of all students:

COMS 851	Communication Research: Historical and Descriptive	3
or COMS 852	Communication Research: Behavioral and Social Science	

Choose 12 additional hours appropriate to the student's research/dissertation interest. A list of approved courses is provided below.

12

¹In lieu of 3 hours of methodological course work, a student may elect to enroll in 3 hours of applied research in which he or she produces original research using one of the above methods. The final paper must meet the approval of the student's advisor and must be submitted to a professional society for presentation on a convention program or to a professional journal for possible publication.

In lieu of 3 hours of methodological course work, a student may elect to demonstrate a high level of writing competence in one foreign language if she or he can show that knowledge of this language directly relates to his or her research and academic interests. Competence levels are determined through consultation with the appropriate language department or program.

Research **Skills** ~~skills~~ & **Responsible Scholarship** ~~responsible scholarship~~ requirement:

- The university requires that every doctoral student have training in responsible scholarship and research skills pertinent to the field of research and appropriate to the doctoral level. This requirement must be met before taking the Comprehensive Oral Exam.
- This requirement may be fulfilled by taking either [COMS 851 Communication Research: Historical & Descriptive](#) or [COMS 852: Communication Research](#): Please contact your advisor or the director of Graduate Studies for specific requirements and also see the Graduate Studies section of the online catalog. ~~Ph.D. dissertation (18 or more hours).~~ **Behavioral & Social Science, in addition to four graduate research methods courses as approved by Satisfactory completion of the Director of Graduate Studies.****

Satisfactory completion of the oral and written comprehensive examination.

All students must enroll in dissertation hours ([COMS 999](#)) in accordance with the [University policy on Doctoral Candidacy](#).

Final oral examination.

Approved Methodology Courses

The following lists identify methods courses taught in and outside of the department for the **two main research areas: 3 areas of methods trainings: Relationships & Social Interaction and Rhetoric & Political Communication.** ~~rhetorical, qualitative, and quantitative.~~ The faculty of the Communication

Studies Department agrees that these courses qualify as methods courses toward the course requirements for doctoral candidates.

Three caveats:

- A. These lists are not comprehensive. Other courses may count as methods courses provided the student receives approval from the advisor.
- B. The courses on these lists are not required. These are recommended courses for training in each methods type.
- C. All methods courses should be chosen with the advisor's input.

Rhetorical methods courses include but are not limited to:

Course List		
Code	Title	Hours
COMS 851	Communication Research: Historical and Descriptive	3
COMS 930	Seminar in Speech: _____ (Postmodern Rhetorical Theories)	1-4
COMS 930	Seminar in Speech: _____ (Contemporary Theories in Public Address)	1-4
COMS 951	Seminar in Movement Theory and Genre Criticism	3
COMS 952	Seminar in Mythic and Narrative Approaches to Rhetorical Criticism	3
COMS 955	Seminar in Rhetorical Criticism	3

Please consult with your advisor and other relevant faculty members about courses that may meet the research methods requirement. Courses that may be used to meet a Methods requirement instead of Theory, because they involve systematic and explicit reflection on research methods including appropriate research questions, objects of study, and units of analysis include:

Course List		
Code	Title	Hours
COMS 930	Seminar in Speech: _____ (Seminar on Burke)	1-4
COMS 933	Theories of Rhetoric: Neo-Classical	2-3
COMS 953	Seminar in Organizational Rhetoric	3

Courses outside of COMS may qualify as a rhetorical methods course subject to advisor approval.

In Department Qualitative Methods Courses

Course List		
Code	Title	Hours
COMS 855	Qualitative Research Methods in Communication Studies	3
COMS 930	Seminar in Speech: _____ (Analyzing Qualitative Data)	1-4
COMS 936	Seminar in Language and Discourse	3

It is recommended that graduate students complete [COMS 855](#) prior to taking qualitative methods courses outside of Communication Studies

Qualitative Methods Graduate Courses at KU that are Not in Communication Studies:

Courses with an asterisk have been recommended by our graduate students or affiliate faculty. **Please review all course selections with your advisor prior to enrolling.**

Course List		
Code	Title	Hours
American Studies:		
AMS 803	Research Methods in American Studies *	3
AMS 998	Seminar in: _____ (special topics) *	3
Anthropology:		
ANTH 783	Doing Ethnography *	3
ANTH 786	Ethnographic Documentary Production	3
Journalism:		
JOUR 829	Marketing Communications Research	3
Nursing:		
NRSG 802	Methods for Qualitative Research (Taught online) *	3
Political Science:		
POLS 708	Advanced Qualitative Research Methods	3
Public Administration:		
PUAD 937	Qualitative Methods in Public Administration	3
Sociology:		
SOC 813	Field Methods and Participant Observation	3-5

~~The others are listed in the graduate catalogue but may or may not be taught and/or really appropriate for our students.~~

* Courses with an asterisk have been recommended by our graduate students or affiliate faculty.

In Department Quantitative Methods Course

Course List		
Code	Title	Hours
COMS 856	Communication Research: Quantitative Analysis	3

It is recommended that graduate students complete [COMS 856](#) prior to taking quantitative methods courses outside of Communication Studies

Introductory Outside COMS Quantitative Courses

Course List		
Code	Title	Hours
PSYC 790	Statistical Methods in Psychology I	4
or EPSY 810	Regression and ANOVA: General Linear Models	
PSYC 818	Experimental Research Methods in Social Psychology	3
EPSY 811	Analysis of Variance	3

Advanced Outside COMS Quantitative Courses

Course List

Code	Title	Hours
PSYC 791	Statistical Methods in Psychology II	4
PSYC 887	Factor Analysis	4
PSYC 893	Multivariate Analysis	4
PSYC 894	Multilevel Modeling	4
EPSY 940	Advanced Studies in Educational Psychology and Research	3
PSYC 896	Structural Equation Modeling I	4
PSYC 996	Structural Equation Modeling II	3

Descriptions of all quantitative psychology courses are available [online](#).

[Rationale for proposal](#)

ANTH 786 is being retired by the Anthropology Department as of 10/23/18.

Research Skills and Responsible Scholarship requirement updated as COMS 850 is no longer being taught.

Corrected language regarding post-comp enrollment expectations and policy.

Updated program methodology of two main focus areas.

Program Description

Degree Requirements

Ph.D. Degree Requirements

Undergraduate Preparation

All students must adhere to the [General Requirements for all Graduate Degrees](#), which are part of each student's Individualized Plan for ensuring student preparation.

Course Requirements

What follows are the default set of requirements for all Ph.D. candidates.

A. A total of 10 advanced lecture courses (30 hours of level 700 and above) is required. This excludes all seminars, classes taken as part of the Individualized Plan, and colloquia.

B. Core Courses

Code	Title	Course List	Hours
PHSX 711	Quantum Mechanics I		3
PHSX 811	Quantum Mechanics II		3
PHSX 821	Classical Mechanics		3
PHSX 831	Electrodynamics I		3

3. Other required courses:

Code	Title	Course List	Hours
PHSX 717	Graduate Seminar		1
PHSX 718	Mathematical Methods in Physical Sciences		3
PHSX 815	Computational Methods in Physical Sciences		3
PHSX 871	Statistical Physics I		3
PHSX 931	Electrodynamics II		3

4. Two additional PHSX lecture courses numbered 700 or above. This excludes [PHSX 815](#) (computational physics) and [PHSX 717](#) (graduate seminar). The 2 courses must be in different sub-fields of physics and they may not be used to simultaneously satisfy other degree requirements in force.

5. One credit hour of Colloquium is required ([PHSX 700](#)). [See Department website for explanation.](#)

[See "Colloquium and Graduate Seminar for an explanation."](#) 6. All graduate students, after their first semester, will deliver at least 1 oral presentation per semester.

The courses listed above comprise the Department course requirements common to all students except those pursuing a multi-disciplinary plan of study, which is described below. Subsequent work, consisting of advanced courses in appropriate fields and seminars, will be selected by the student and the advisor on the basis of the student's need and intended field of specialization. The student's dissertation committee will determine the adequacy of the student's courses and seminars and will specify the total course requirements.

Students who wish to pursue a more multidisciplinary plan of study may incorporate coursework from up to 2 other natural science, engineering, or mathematics (STEM) departments at KU by substituting non PHSX courses at the 600 level and above from these other disciplines for the 2 additional electives described in items 3 and 4 above. The research advisor, or in the absence of one, the Departmental Graduate Advisor (who is the default advisor for all students without a research advisor), shall approve all such outside course choices and provide documentation for the student file on the approved courses and their rationale.

Students who wish to take courses in the social sciences, humanities, or professional schools must submit a detailed plan of study that must be approved by the Physics and Astronomy Graduate Committee. Please note that while these unique plans involving non-STEM fields will be considered, there is no guarantee that the plan of study will be approved.

Preliminary Candidacy

To be admitted to preliminary candidacy, each graduate student must satisfy the following department requirements:

A. Within 12 months of entering the program the student must fulfill the [requirements of the individualized plan of study](#), for all graduate degrees to certify an undergraduate knowledge of Physics. Visit the Department's website for more information on those requirements and the process of certification.

B. Achieve a minimum core course grade point average of 3.2. The core course GPA is computed from the following equally weighted elements:

A. Grade obtained in [PHSX 711](#) Quantum Mechanics I

B. Grade obtained in [PHSX 811](#) Quantum Mechanics II

C. Grade obtained in [PHSX 821](#) Classical Mechanics

D. Grade obtained in [PHSX 831](#) Electrodynamics I

E. Average grade of 2 other PHSX lecture courses numbered 700 or higher, excluding [PHSX 815](#) (computational physics) and [PHSX 717](#) (graduate seminar).

C. Students may repeat of the core courses ([PHSX 711](#), [PHSX 811](#), [PHSX 821](#), [PHSX 711](#), [PHSX 821](#), and [PHSX 831](#)) once for the purpose of improving the core GPA. In calculating the core GPA, the Department will use only the better of the two grades.

D. The two additional 700 level or higher PHSX lecture courses (#4 under course requirements) must be taken at KU, but students entering with graduate credit from other institutions may petition the Graduate Committee for a waiver for any of the 4 named core courses. For the purposes of the core GPA, grades (of "B" or better) from the previous institution may be used for at most 3 of the 4 named courses.

E. Graduate students are normally expected to complete all core courses by the end of their second year of enrollment.

Decision on Preliminary Candidacy

Once requirements for Preliminary Candidacy have been met, the Graduate Committee will decide whether or not to admit the student to Preliminary Candidacy. Once requirements for Preliminary Candidacy have been met and confirmed by the Graduate Committee, the Graduate Committee Chair will report this result to the Graduate Faculty.

Research Skills and Responsible Scholarship

By the end of 1 year after being admitted to preliminary candidacy, the student must complete [PHSX 815/ASTR 815](#), Computational Physics and Astronomy, with a grade of "B" or higher in order to satisfy the Research Skills requirement. Note that this course has significant prerequisites in undergraduate Computer Science. The Responsible Scholarship requirement is filled via completion of [PHSX 717](#).

Pedagogical Instruction

Every student who receives a GTA appointment will be required to complete [PHSX 702](#) at the first offering of the course starting with the semester of the student's initial GTA appointment. Failure to complete this class at the first opportunity may affect consideration for subsequent GTA appointments.

Comprehensive Examination

After completing a major portion of the required course work and satisfying the computing skills requirement, the student must pass the comprehensive examination.

The student will write a 2,000 to 4,000 word paper on a topic in their chosen sub-field that is relevant to their thesis work.

Post-Comprehensive Requirements

Upon passing the comprehensive examination, the student becomes a candidate for the Ph.D. degree. Each candidate must complete a research project that has been approved by the dissertation committee. The committee establishes the candidate's course requirements and directs the research.

At least once each year after passing the comprehensive examination, the student must schedule a meeting with his or her dissertation committee to discuss progress towards the completion of the dissertation and any other concerns.

Final Oral Examination

To be awarded the PhD in Physics, a candidate for the degree must complete a dissertation and pass a final oral examination.

The departmental web page with some additional information, e.g., the Graduate Handbook and milestones, can be found at <http://physics.ku.edu/graduate-studies>

Rationale for proposal

This change corrects a copy/paste error from the previous iteration.

Program Description

Degree Requirements

M.A. Degree Requirements

The Master of Arts in theatre is an academic degree, but students are expected to complete 6 hours in theatrical production. All M.A. students must write a thesis as the culmination of the degree.

To complete the M.A., the student must sustain a grade-point average of 3.0 or higher through 33 graduate credit hours. **Additional courses in a foreign language or research skills may be required by your advisor.**

Requirements for the M.A. in Theatre

A total of 33 hours is required.

Code	Title	Course List	Hours
Core Requirement			
THR 800	Introduction to Graduate Study in Theatre		3
	In consultation with an advisor, students choose from among departmental courses in theatre history, dramatic literature, theory, and criticism		6

Code	Title	Hours
Production - Select two courses in either directing, scenography, dance, or dramaturgy:		6
A. Directing		
THR 609	Play Directing	
THR 715	Problems and Techniques of Direction	
THR 815	Advanced Play Production	
B. Scenography		
THR 516	Scenic Painting Techniques	
THR 517	Computer-Aided Design	
THR 518	Scenography and the Classic Script	
THR 519	Scenography and the Modern Script	
THR 618	Scenography and the Musical Theatre	
THR 619	Scenography and the Contemporary Script	
THR 620	Scenography and the Experimental Production	
C. Dramaturgy or Dance		
THR 702	Graduate Seminar in: _____	
General Theatre Studies		
Select 15 hours of courses from graduate offerings in theatre history, dramatic literature, history and criticism: Of these 15 hours, up to 6 may be graduate 15 courses from other areas such as film and media studies; child psychology; American studies; African and African-American studies; women, gender, and sexuality studies; developmental psychology; English; and pertinent offerings from language and culture programs.		
Completion of the Degree		
An oral examination structured around a thesis based on scholarly and/or creative research:		
THR 899	Master's Thesis	3
All courses should be selected in consultation with the graduate advisor.		

Rationale for proposal

1. Since the appointment of Dr. Barnette, several graduate students have elected to do dramaturgy. Currently, we do not have a stand-alone option for dramaturgy, but we plan to propose one in the near future.

2. Having recently merged with Dance and with at least two faculty members as Graduate Faculty, we anticipate having students chose Dance as their production option.

Program Description

Provide health psychology coursework to a variety of students enrolled in graduate study. Health psychology is involved in many professions to include psychology, educational psychology, allied health professions, exercise science, sociology, social welfare, and many others. Today's health care is an interprofessional approach to service and health psychology will be part of patient contact and research being conducted in all health areas. Researchers and providers that have education and training in health psychology are in high demand with the changes in health care emerging. Our certificate will supply broad and specific education in health psychology theory, research and clinical applications.

Health Psychology Graduate Certificate Program Requirements

Students must maintain a 3.0 **or higher** GPA in courses taken in the certificate program and maintain good standing in any University program of study for which they are enrolled.

For more information regarding program requirements and a complete list of approved electives, please visit our [health psychology graduate certificate handbook](#).

~~At least once per year the participants will be required to meet with the Health Psychology Certificate Director or Assistant Director to discuss progress in the Certificate Program. Those meetings will need to take place in the spring advising period and will be prompted by the Assistant Director. A student pursuing the Health Psychology Certificate can take no longer than 4 years to pursue the certificate unless a leave of absence or other extenuating circumstances are present. In either event a petition letter would need to be submitted to the Director and Co-Director during the 4th year of enrollment.~~

Course Requirements:

To complete the **health psychology graduate certificate, 12 credit hours of graduate work must** ~~Health Psychology Graduate Certification; 12 credit hours*~~ **must be completed, including: completed within 4 academic years.**

Course List

Code	Title	Hours
Primary Health Psychology Courses:		3

Prevention and illness management are the primary clinical foci of health psychology. Thus, all students are required to take one of these three primary health psychology courses*.

SW 833	Social Work and Aging

~~*Students may also petition the Director to take an alternative course offered and not listed here (Example: Pediatric Psychology, Courses at KUMC in MPH or other program areas).~~

~~*Students who wish to take more than one of these courses may count the other course(s) as an elective.~~

Elective Courses

9

~~Elective Course Options: Psychology~~

~~Certificate students must also complete three electives chosen from the program's list of approved courses or petition the director and co-director to take an alternative course offered and not approved (example: pediatric psychology, courses at KUMC in MPH, or other areas).~~

Total Hours*

12

~~*Only one course outside of the department of psychology can be included in these 12 credit hours.~~

PSYC 605	Health Psychology
PSYC 690	Seminar: _____ (Eating Disorders)

~~3 units: (Required) One of the two Primary Health Psychology Courses; PSYC 832 or PSYC 833 0 units: Any combination of electives or other primary course not used for the primary requirement (may include a cross-listed course). * Only one course outside of Psychology can be included in these 12 credit hours.~~

Rationale for proposal

As our program admits more students from KUMC, adding PSYC 834 as a required course option allows more flexibility for KUMC students to complete the certificate program. Additionally, as we add more elective options for students, referring students and applicants

back to our website allows them to have access to the most up to date information regarding elective course selection.
